CONFERENCE AT-A-GLANCE

ISC WEST

PREMIER SPONSOR: SIA — Security Industry Association

CORPORATE SPONSOR: AXIS COMMUNICATIONS

SIA EDUCATION at ISC

PLATINUM SPONSOR: AXIS COMMUNICATIONS

MONDAY | MARCH 31, 2025

	UNMANNED SYSTEMS, DRONES AND ROBOTICS Casanova 504	DEALER, INSTALLER, INTEGRATOR, BUSINESS DEVELOPMENT Venetian 102	NEW TECHNOLOGY AND AUTOMATION Venetian 303	WORKPLACE VIOLENCE AND SCHOOL SECURITY Venetian 308	BUSINESS DEVELOPMENT Casanova 506	IT FOR SECURITY PROFESSIONALS Venetian 203
12:00 PM - 1:00 PM	Drones and Airspace Situational Awareness - The Evolving Security Paradigm	Breaking Bad Sales Habits - 7 Ways To Transform Your Sales Approach For Peak Performance	Smart Moves: Trends and Opportunities in the Connected Home	The Wild West of School Security; Why Standards Will Make Them Safer	Securing the Watchers: Battle Against Cyber Threats in Video Surveillance	The Complexity of Security Convergence
1:15 PM - 2:15 PM	Beyond the Hype: How to Scale Automated Security Drone Operations	Lights, Camera, Leads! The Hidden Video Marketing Secrets for Security Industry Success	Unmasking Data and Business Intelligence: Opportunities in Utilizing Operational Data to Run an Efficient Security Program	Building Your Workplace Violence Prevention Program: Senate Bill 553 and Beyond	Talking in the Grey: Addressing Ambiguity in Professional Conversations	Cybersecurity 101 (RSA@ISC: IT for Security Professionals)
2:30 PM - 3:30 PM	The ROI of AI-Driven Video Analytics: Saving Time, Reducing Costs, and Driving Growth with Your Security Tech Stack	Best Practices in Commercial Sales Estimating	The Technology Ethic: Managing Risk in AI Adoption	Involuntary Separation - Breaking Up Doesn't Have To Be Hard To Do	Doing Electronic Access Control Business in Europe: Strategies, Trends, and Opportunities	

TRAINING / CERTIFICATION

SIA Security Project Management (SPM) Training Seminar | Venetian 407
(This is a 3-day course)

CONFERENCE AT-A-GLANCE

ISC WEST

SIA EDUCATION at ISC

PLATINUM SPONSOR: AXIS COMMUNICATIONS

TUESDAY | APRIL 1, 2025

	PSA@ISC — Venetian 308	WORKPLACE VIOLENCE & SCHOOL SECURITY/ SECURITY DESIGN — Venetian 102	CONNECTED SECURITY & IOT — Venetian 303	CRITICAL INFRASTRUCTURE & DATA PROTECTION — Casanova 504	ACCESS CONTROL & IDENTITY MANAGEMENT / PHYSICAL SECURITY — Casanova 506	WORKSHOPS — Venetian 203	INFRAGARD NATIONAL MEMBERS ALLIANCE (INMA)@ISC — Casanova 502
9:00 AM - 9:45 AM	Maximizing ChatGPT: Leveraging AI Across Different Departments for Enhanced Productivity	Gun Violence Trends: Developing Effective Security Plans for Diverse Scenarios	What's New at ISC West: New Technologies, Insights, & Things To Know	Vehicle Incursions: Hostile on Purpose, Costly by Accident	Practical Vision AI Applications in Security and Access Control		
10:00 AM - 11:00 AM	Ethical Leadership: Acting with Integrity in Business Practices	Proactive Security for Safer Campuses: The AI Difference	Smart Benefits from IoT Networking Technology for Physical Security Systems	Game Changers: Robotics and Critical Infrastructure Security	The Impact of Identity on the Physical and Digital Access Landscape	**10:00 AM - 12:00 PM** Exploiting AI: Harnessing Advanced Tools for Ethical Hacking and Cyber Defense	One Step Ahead: Collaborative Defense in Cyber and Physical Security
11:15 AM - 12:15 PM	Embracing the Cloud: Transitioning from On-Premises to Cloud-Based Services	Unveiling Shadows: Navigating the Nexus of Background Checks and Insider Threats in Organizational Security	Soluciones de Seguridad e IA en ambientes de alto riesgo en una de las mayores refinerías de LATAM *(session presented in Spanish)*	Information as an Asset: Data Privacy Guidance and Risk Considerations for the Security Industry			Inside the Threat Landscape: An FBI Briefing on Cyber Crime Trends in the Private Sector
12:15 PM - 1:00 PM	LUNCH BREAK						
1:00 PM - 2:00 PM	AI in Physical Security: Beyond Traditional Surveillance	Development and Implementation of the New ASIS International School Security Standard	The New Landscape For Cyber-Physical Security: AI-Driven Software and Sensors	Safeguarding Critical Assets: A Guide for Security Professionals	Optimizing the Future of Workplace Experience	**1:30 PM - 3:30 PM** Cyber Workshop for Basic Pen Testing, System Hardening, and Environment Assessments	What Every Executive and Cyber Professional Needs to Know about the Legal and Regulatory Landscape
2:15 PM - 3:15 PM	Navigating Modern Sales Strategies: Embracing Innovation for Success	The Future of Security Design: How Technology Has Become the Gateway to Converged Design	Connected Corporate Security: How to Manage Threats and Risks with a Unified Security Model	Privacy by Design: A Practical Guide for Systems and for Integrators in the Age of Data Protection	OSDP in Enterprise Settings: Lessons from the Front Lines		Proactive Security: Leveraging a Threat Intelligence Program to Protect Your Organization
3:30 PM - 4:30 PM	Combating Labor Shortages in Physical Security: Attraction, Selection, and Engagement	New Technology Imperatives for Perimeter Security	Optimizing Wireless Networks for Smart Cities and Expansive Open Areas	Foundations of Cybersecurity: An Introduction to Protecting Digital Assets	Have It Your Way: Your Journey to the Cloud		Inside Out: Building a Resilient Insider Threat Program

TRAINING / CERTIFICATION

Open Supervised Device Protocol (OSDP) Boot Camp — Venetian 405	SIA Security Project Management (SPM) Training Seminar *(3.5 day training)* — Venetian 407	Successful Security Consulting Course — Casanova 507

* Training and certification courses require separate fee.

Schedule is subject to change. As of March 25, 2025.

ISC WEST · SIA EDUCATION at ISC

WEDNESDAY | APRIL 2, 2025

Time	RISK MANAGEMENT & PUBLIC SAFETY — Casanova 504	SECURITY OPERATIONS CENTERS/ PROJECT MANAGEMENT — Casanova 502	ACCESS CONTROL & IDENTITY MANAGEMENT — Venetian 303	AI & DIGITAL TRANSFORMATION — Venetian 308	LEADERSHIP & WORKFORCE DEVELOPMENT / DEALER, INSTALLER, INTEGRATOR — Casanova 506	IT FOR SECURITY PROFESSIONALS — Venetian 203	EXHIBITOR PRODUCT TRAINING & CASE STUDY SPONSORED SESSIONS — Venetian 102	THE BRIDGE INNOVATION SESSIONS — Booth #25059	CAREER ZONE — Booth #4141	Casanova 507
8:00 AM - 8:45 AM	Winning Formula for Success: Implementing Effective Security at the FIFA World Cup	Revolutionizing Physical Security Operations: Automating SOCs with AI	Why is Remote Identity Proofing a Game Changer for Zero Trust Deployment, Employee Onboarding and Visitor Management?	Learning from You: The Promise of Generative AI in the Physical Security Industry	Future of the Work: Trends, Technology, and Talent	Cybersecurity and Privacy Regulations in 2025: Navigating the New Landscape Under the New Administration				
9:00 AM - 9:45 AM	DAY 1 KEYNOTE									
10:00 AM - 11:00 AM	10:00 AM - 11:30 AM Active Shooter Workshop	What Will Security Operations Centers (SOC) of Future Look Like?	Tools for Managing and Troubleshooting OSDP Deployments	AI, Machine Learning, and Cloud-Based Everything: Revolutionizing Security in the Digital Era	Driving Operational Excellence: Building High-Performance Teams in the Security Industry	Robots and Their Expected Impact on the Security Industry		Securing Schools: Leveraging Technology and Strategy to Enhance Campus Safety Presented by Axis		
11:15 AM - 12:15 PM		Building a Modern SOC: Best Practices From UKPD	Retrospective/Future: What Does the Security Experience for Today's Younger Generation Mean for the Future?	Next-Gen Surveillance: AI and AGI in Physical Security	The Value of Relationships - A Holistic Understanding to Successful Projects	How Infared Sensors Work: Technical Deep Dive	11:30 AM - 12:30 PM Uncovering Real-World Physical Security Deployments Presented by Cisco	Next Gen Video Intelligence – Visual AI with Intel and Partners Presented by Intel	From Service to Security: What Military Veterans Bring to the Private Sector Workforce	
12:15 PM - 1:00 PM	LUNCH BREAK									
1:00 PM - 2:00 PM	Foundations & Fundamentals: Risk, Threats, & Vulnerability Assessments Past, Present, & Future	GSOC Evolution or Revolution? The Value of a Technology-First Approach	Managing Credentials of All Types Across Multiple Systems – From Card to Mobile	Impacts on AI: Navigating the Regulatory Landscape	Will Physical Security Managed Services Be Delivered From IT or Integrators?	Properly Preparing the Customer	Be an MVP: Learn New Ways to Access New Cloud-Based Profits & Lock Up New Recurring Revenue on Every Connected Door Presented by NAPCO	Leveraging AI to Re-Imagine Travel Risk Management Presented by Dataminr	Retention Blueprint: Tools and Techniques for a Stable Workforce	1:00 PM - 3:00 PM From Innovation to Implementation: How to Transform Modern Credential Technologies into Reality at Your Facility
2:15 PM - 3:15 PM	Holistic Security Solutions: Integrating Physical and Cyber Strategies for Critical Infrastructure Facilities	Unpacking the Purpose of a Security Operations Center (SOC) for Physical Security Providers	A Deep Dive into OT Cybersecurity - Securing the World's Critical Infrastructure	Possibilities and Pitfalls: How to Embrace the Potential and Navigate the Challenges of Artificial Intelligence	Maximizing Cloud Potential: The Role of System Integrators	Tampering with Tampers: Technical Deep Dive			Security Women Actively Supporting Women - How to Develop and Enhance Employee Resource Groups Focused on Women	
3:30 PM - 4:30 PM	Threat Assessments: Trends and Tools	Key Success Factors for Security Project Managers	Securing the Convergence: Collaborative Strategies for Physical & Cyber Security Professionals	Navigating the Responsible Adoption of AI Biometrics: An Alternative Framework for Algorithm Selection	Overview of the Security Industry Workforce: Challenges and Opportunities	Can Security Video Survive Generative AI?			Sustainability, Safety & Security: An Inclusive Approach for ESG	

TRAINING / CERTIFICATION

SIA Security Industry Cybersecurity Certification® Review Course (SICC)

ISC WEST

THURSDAY | APRIL 3, 2025

Time	WORKSHOPS / NEW TECHNOLOGY & AUTOMATION — Casanova 504	DETECTION & RESPONSE / ACCESS CONTROL & IDENTITY MANAGEMENT — Venetian 308	SECURITY MEGATRENDS — Venetian 303	UNMANNED SYSTEMS, DRONES AND ROBOTICS — Casanova 502	VIDEO SURVEILLANCE — Casanova 506	STRATEGIC MANAGEMENT — Venetian 203	EXHIBITOR PRODUCT TRAINING & CASE STUDY SPONSORED SESSIONS — Venetian 102	THE BRIDGE INNOVATION SESSIONS — Booth #25059	LEADERSHIP & WORKFORCE DEVELOPMENT/ CAREER ZONE — Booth #4141
9:00 AM - 9:45 AM	DAY 2 KEYNOTE								
10:00 AM - 11:00 AM	Securing the Card and Reader With Attack Demos	Alarm Validation Scoring Standard: The New Standard in Alarm Communication	The 2025 Security Megatrends: Your Guide to the Industry's Most Impactful Trends	Safely Securing Diverse Environments and Sectors from the Threat of Common, Commercial Off-the-Shelf (COTS) Drones	Networking Fundamentals for the Video Surveillance Market	The Art of Telling Your Security Story: From Invisible to Invaluable with ESRM	Unified Security: Cyber-Physical Protection with Truman Physical Detection and Response Platform Presented by: Secure Passage	10:15 AM - 11:00 AM Two Worlds Colliding: How to Prevent Cyber-Physical Attacks	
11:15 AM - 12:15 PM		Alarm Management: Prevent the Flood with Analytics, Automation, & ML/AI	To Security and Beyond: Revolutionizing with AI, Cyber-Physical Convergence, and Advanced Biometrics	Drones Don't Fly Here: Protecting the Skies and Securing High-Profile Events in Minutes	Driving Intelligence: How AI and Technology are Transforming Remote Video Monitoring	Security Practitioners & The Megatrends: What Trends Are Most Impacting Corporate Security Leaders	11:30 AM - 12:30 PM Speeding up Security – Facial Recognition and Access Control Presented by: Intel RealSense Technologies	11:15 AM - 12:00 PM Untapped Terrority: How the Multifamily Industry Could Multiply Your Revenue Presented by: LiftMaster	The State of Security Technicians: Challenges, Innovations, and Future Prospects
12:15 PM - 1:00 PM	LUNCH BREAK								
1:00 PM - 2:00 PM	Leveraging Automation for Robust Cybersecurity: Strategies and Tools	Why Wallet? Navigating the Evolution of Mobile Credentials and Best Practices for a Seamless Transition	Bridging OT and Physical Security	From Reactive to Proactive: The Future of Security through AI and Robotics	Surveillance Reimagined: Unleashing AI and Cloud Power - Your Mission Impossible	Security Risk and Return on Investment: Are You Looking at Just the Tip of the Iceberg?		Bringing Clarity to the Cloud: How the Right Cloud-Based Solution Can Enhance Security and Simplicity Presented by: Honeywell	From Training to Transformation: Cultivating Talent for Tomorrow's Security Challenges
2:15 PM - 3:15 PM	AI in Cybersecurity: Revolutionizing Defense with Innovative Technologies	NFID Foundation Open Standards: A Panel on Advancing Decentralized Identity in Security	The Enterprise of the Future – Preparing for 2030, Today	Counter Unmanned Aerial Systems (CUAS): The Challenges and Solutions in the Commercial Space	Video Surveillance Services: How to Get Better Security Outcomes	Optimizing Guarding Resources in Modern Organizations		2:00 PM - 2:45 PM AI in Physical Security: From Hype to High Impact Presented by: Ambient.ai	Innovation: Lessons from Entrepreneurs, Intrapreneurs, and Financiers
3:30 PM - 4:30 PM				Securing the Future: Leveraging Government Grants for Enhanced Security Practice				3:00 PM - 3:45 PM SPARC Spotlight: Key Technology Priorities for Corporate Security Leaders	Cultivating Success: Retaining Top Talent and Transforming Workplace Culture

Schedule is subject to change. As of March 25, 2025.
