

# Game Changers: Robotics and Critical Infrastructure Security

---

Travis Moran, Senior Reliability & Security Advisor – SERC

Kevin Doss, Corporate Security Advisor, Pacific Gas & Electric

# Former Assumptions

**That Technology had many of the answers for security's future needs.**

- Intelligent cameras
- Video analytics
- Fencing, barrier, and shielding advances
- Smart locks
- Lighting
- Integration and networking of connected security devices
- Artificial Intelligence

# Offered the Promise of Increased Security via Lower Costs at Scale

- To some extent this has been true.
- But the rapid pace of technological advancement has also led to new and exigent vulnerabilities.
- And some solutions to the solutions.

# AI at Scale
